Talking Tots - Class 2

Wednesday: 10:30–11:30

BabyTalk is a fun and fascinating 6-week course looking at developing early communication and social skills with your little ones.

Suitable for babies from 4 to 12+ months, it mixes interactive fun songs, games, rhymes and heuristic (discovery) play.

The classes cover topics such as eye-contact, copying and first words, along with relaxed discussion which provides ideas to support your child's development at home.

Lots of bright colourful sensory props and a great way to meet other mums and carers over free tea / coffee and biscuits at the end!

Check out www.talkingtots.info/About-Classes for more information about the content and benefits of Talking Tots and Baby Talk classes.
