babyballet 
where little boys and girls love to dance

Introduction

Our babyballet preschool dance programme offers four stages of ballet classes, for young children aged 6 months to 6 years. Taught by thousands of teachers across the world, the babyballet syllabus has been carefully developed by dance professionals to introduce your child to the magic of dance, whilst creating precious moments between you and your little star.

We strive to create a fun, friendly and inclusive experience for everyone – no matter what your child's age or ability. Not to mention, our classes are a great way for parents, carers and guardians to meet up and make new friends too!
