Community School Tuition (Varied)

Tuesday: 16:00–20:00

Introduction

We are a group of successful classroom teachers who are committed to supporting our students to achieve at or above their potential. It is a privilege to be able to achieve more at the Community School than is possible in a big class of sometimes unwilling learners.

We teach, each of our students as an individual, without reliance on or constraint from any system of worksheets, textbooks or IT programs.

We support students of all ages and abilities from 8 years old struggling to keep up through to students studying A Level for Oxbridge entrance. No matter the age or ability, we can boost the understanding and confidence of all students, stretching each of them as close as possible to their own potential.
