Martlesham Repair Hub

The hub runs on the second Saturday of each month at St Michaels Church Martlesham.

The scheme is that you bring broken items from home and working together with the volunteer experts at the hub you repair them.

If it can't be repaired in the hub, there will be pointers as to who might locally be able to help.

The items could be clothes or electrical or electronic goods, maybe bikes or crockery or toys.

Location

-  **St Michael's Church, The Drift, Martlesham Heath IP5 3PL**
